WORK EXPERIENCE

University of Florida

Gainesville, FL

Telephone Interviewer

May 2023 - Jul 2023

- Conducted telephone interviews as part of a university research project, ensuring accurate data collection and maintaining a high level of professionalism.
- Effectively engaged with a diverse range of participants, demonstrating excellent communication and active listening skills to elicit valuable insights and information.

PROJECT EXPERIENCE

Personal Project

Gainesville, FL

Personal E-portfolio

Aug 2021 - Aug 2023

- Developed a personalized e-portfolio from scratch using HTML, CSS, and JavaScript, showcasing technical skills and creativity in designing and implementing a visually appealing and interactive website.
- Utilized CSS to form responsive formats, successfully adjusting the e-portfolio for optimal viewing on different devices, guaranteeing consistent user experience.
- Utilized JavaScript to incorporate dynamic components, such as interactive buttons, smooth transitions, and form validation.

Personal Project

Gainesville, FL

Github User-Finder

Jun 2023 - Jul 2023

- Developed a web application using React.js that uses the GitHub API to retrieve and showcase user account information.
- Integrated GitHub API endpoints using Axios within the React application to retrieve user-specific details and provides a direct link to the searched user's GitHub account.

Personal Project

Gainesville, FL

Social Media App

May 2023 - Jun 2023

- Designed and developed a dynamic social media app using React and Firebase, enabling users to perform essential functions such as liking, commenting, and posting content.
- Implemented Firebase Authentication to provide secure user registration and login features, ensuring a personalized experience for each user.
- Integrated Firebase Realtime Database to store and retrieve user-generated content, enabling real-time updates and smooth interactions within the app.

LEADERSHIP EXPERIENCE

University of Florida(Group Project)

Gainesville, FL

Python Programmer Group Member

- Collaborated with team members to identify and resolve 90% of code bugs, improving overall project functionality and user experience.
- Collaborated with team members to establish clear deadlines for each task, ensuring a timely delivery of the project.
